

PARIS 1920

Geometrical soft shapes

WE WILL ALWAYS HAVE PARIS

Paris 1920 is the name of our new pendant with rounded geometrical shapes which form an impressive, sculptural appearance.

The Paris 1920 pendant is quite unique and our take on the classical white glass pendants seen in the Parisian brasseries. We have a weakness for playing with the beauty of lighting. Paris is made of opal colored rippled glass with a black base. We added lines and curves and transformed the round lamp into an imaginative drop of light. The pendant is available in two sizes.
