LAMPS

INSTRUCTIONS

THESE INSTRUCTIONS ON INSTALLATION ARE PROVIDED
AS A GUIDELINE TO ASSIST YOU

BEFORE STARTING:

Please read through these instructions before commencing work and keep them for future reference.

• PLEASE TAKE EXTREME CARE WHEN CARRYING OUT THESE INSTRUCTIONS.

- This is a Class 1 product and must be earthed.
- This unit must be fitted by a competent and qualified electrician.
- Install in accordance with IEE Wiring regulations and current Building Regulations.
- To prevent electrocution, switch off mains electricity supply before installing or maintaining this fitting. Ensure other persons cannot restore the electrical supply without your knowledge.
- This light fitting should be connected to a fused circuit.
- This product is suitable for dimming.
- This product is only suitable for indoor use.

CARE AND CLEANING:

The lamp is extremely fragile and can easily be broken if not handled with caution.

Please take extraordinary care of the fine hand cut crystal lamp.

We recommend cleaning with provided soft dry cloth and gloves.

Do not use abrasive materials, as these will damage the finish of the fine hand cut crystal.

- Avoid oil getting in contact with the lamp.
- Do not place in freezer, oven, dishwasher or microwave.
- Keep out of reach of children and pets.
- Extreme temperatures can crack or break your lamp. Avoid pouring hot or cold liquids over or inside your lamp.
- Do not subject the lamp to thermal or mechanical pressures.
- Do not lean, sit, stand or subject the lamp to excessive pressures, as it can be weakened and may break or shatter.
- Do not allow sharp or hard objects to come into contact with the lamp.

WE RECOMMEND USING LIGHT FITTING FROM DESIGN BY US:

EAN: 5713874500204

STYLE NUMBER: 50020.

SOCKET: GU10

POWER: 3W

COLOR TEMP: 3000K

LUMEN: 270

DIMMABLE: YES

SIZE: Ø35 - L: 47

VOLTAGE: 220 - 240 V

CARNIVAL NO. 1

MOUNTING INSTRUCTIONS

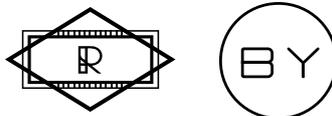

NB! When handling this lamp please always handle with care as this is a **fragile product**.

NB! There is protection on the metal cover, please do not remove it before step 8 when the cover is partly inside the crystal base.

NB! Use a Mini GU10 max. dia. 35 mm. Always use an LED bulb, to avoid damaging the crystal through heat.

- 1 Mount the bracket securely in the ceiling.
- 2 Shorten the cord to desired length and connect the wiring in the cable joint box.
- 3 Fasten the canopy to the bracket with two screws.
- 4 Fasten the cord with the small hex screw, use supplied allen key.
- 5 Carefully slide up the crystal base to reveal the metal cover.
- 6 Slide up the metal cover to reveal the socket. Insert the bulb and twist
- 7 Slide down the metal cover to hide the socket and the bulb.
- 8 Carefully slide down the crystal base until the fitting is in place.

WE HOPE YOU ENJOY
